Commercial plot, Agios Dometios

€600,000

📍 Agios Dometios, Nicosia

Positioned in the vibrant district of Agios Dometios, this substantial 595 m² commercial building plot offers an exceptional canvas for visionary developers and business owners. Available for 600,000 EUR, the prime parcel presents an outstanding opportunity to establish a tailored commercial presence in one of the capital's established areas.

The generous plot provides ample scope for contemporary architectural design, complemented by open city views that add immediate prestige to any prospective project. Whether you envision modern professional offices, storefront retail, or a bespoke mixed commercial enterprise, the site offers the scale and visibility required for an impactful build.

Agios Dometios combines business vitality with day-to-day convenience, placing your future venture within easy reach of nearby everyday amenities and key transit routes across the region. Its strategic setting ensures smooth accessibility for visiting clients and commuting staff alike.
